

FLORIAN SUESS

PROFILE

I am a mechanical engineer, who seeks a part-time entry level position in Web-Development. The objective is to further hone my software skills in a professional environment. I am an avid team-worker with exceptional communication skills. With my engineering background I feel I can contribute to the team as a strong problem-solver as well.

Senior Process Engineering at IMS Gear — 2024 to Present

Process optimizations in assembly, molding automations and metal automations.

Process Engineer at IMS Gear — 2018 to 2024

Process optimizations within the assembly lines for parking brake manufacturing.

Junior Process Engineer at IMS Gear — 2013 to 2018

Process optimizations on various automated processes

EDUCATION

University of Applied Science/Pforzheim/Germany — BSc mechanical Engineering

SKILLS

Problem-Solving, Six-Sigma, REACT, jQuery, JavaScript, HTML, CSS, MongoDB, PostgreSQL, REST, GraphQL.
